Subject: hall issue

Carol as per our conversation on the street, I asked you if you had any info regarding the hall rental agreement. You said you were working on it. To this date I have not had any formal correspondence to this issue. The deadline to this issue is approaching rapidly and needs an answer. Please inform me when you have some info to bring to the table to discuss and we can get together. Remember that we need to have fair and equitable access to all cabin owners as the hall was built and paid for by all, if you want to continue to be supported by our tax money. The last fundraiser the RBCOA put on your club unanimously denied our request to use the hall and waive the rental fee, which shows bias. Eventhough your club has a lease on the land our community hall sits on and the government has given you ownership privileges (which means you get to run the hall but do not own it the community owns it, just like any other commercial lease) the hall is a community building and needs to be used and ran as such.

Regards Doug
